Sister Act kicks off the Season with this hilarious, heart-warming musical comedy. Based on the film starring Whoopie Goldberg, Sister Act features original music by Alan Menken. Nominated for five Tony Awards.

The members of a recent Broadway flop (in which three girls were murdered) assemble at the estate of a wealthy "angel." The 'Slasher' appears, a blizzard ensues, bodies drop, & of course a bumbling police inspector arrives!

One of the most beloved musicals of all time! The final collaboration between Rodgers & Hammerstein, based on the memoir of Maria Augusta Trapp, features a trove of cherished songs.

This Tony Award-winner with music by Stephen Sondheim and book/ lyrics by James Lapine, brings everyone's favorite storybook characters together creating an enchanting modern classic about family and the choices we make.
